

Year 1 and 2 Incursion

How Objects Move

In this 90-minute incursion, students will explore movement and forces through fun, hands-on activities. They'll make floating objects, launch foam rockets, and take part in exciting experiments guided by passionate science educators.

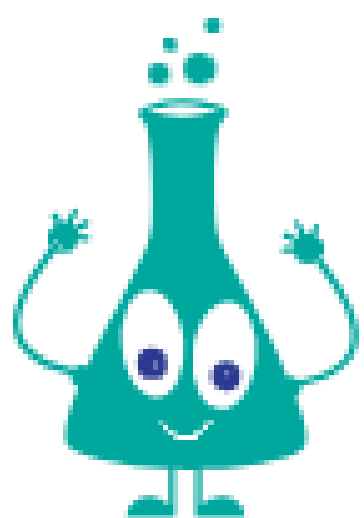

When

Wednesday 5th Nov – 1CK, 2B, 2Bl and 2P

Thursday 6th Nov– 1H and 1F

Where

Middle School Gym
